		WAGE REQUIREMENTS: PURCHASE ORDERS EXECUTED ON OR AFTER JANUARY 1, 2015				

By performing the services detailed in this purchase order, Contractor
is entering into a contract with the City. Contractor certifies that he
or she is aware of the wage provisions described herein and shall comply
with such provisions before commencing services.

A. PREVAILING WAGES. Pursuant to San Diego Municipal Code section
22.3019, construction, alteration, demolition, repair and maintenance
work performed under this Contract is subject to State prevailing wage
laws. For construction work performed under this Contract cumulatively
exceeding $25,000 and for alteration, demolition, repair and maintenance
work performed under this Contract cumulatively exceeding $15,000,
Contractor and its subcontractors shall comply with State prevailing
wage laws including, but not limited to, the requirements listed below.
This requirement is in addition to the requirement to pay Living Wage
pursuant to San Diego Municipal Code sections 22.4201 through 22.4245.
Contractor must determine which per diem rate is highest for each
classification of work (i.e. Prevailing Wage Rate or Living Wage Rate),
and pay the highest of the two rates to their employees. Living Wage
applies to workers who are not subject to Prevailing Wage Rates.

1. Compliance with Prevailing Wage Requirements. Pursuant to sections
1720 through 1861 of the California Labor Code, Contractor and its
subcontractors shall ensure that all workers who perform work under this
Contract are paid not less than the prevailing rate of per diem wages as
determined by the Director of the California Department of Industrial
Relations (DIR). This includes work performed during the design and
preconstruction phases of construction including, but not limited to,
inspection and land surveying work.

1.1. Copies of such prevailing rate of per diem wages are on file at the
City of San Diego's Equal Opportunity Contracting Department and are
available for inspection to any interested party on request. Copies of
the prevailing rate of per diem wages also may be found at
http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm. Contractor and its
subcontractors shall post a copy of the prevailing rate of per diem
wages determination at each job site and shall make them available to
any interested party upon request.

1.2. The wage rates determined by the DIR refer to expiration dates. If
the published wage rate does not refer to a predetermined wage rate to
be paid after the expiration date, then the published rate of wage shall
be in effect for the life of this Contract. If the published wage rate
refers to a predetermined wage rate to become effective upon expiration
of the published wage rate and the predetermined wage rate is on file
with the DIR, such predetermined wage rate shall become effective on the
date following the expiration date and shall apply to this Contract in
the same manner as if it had been published in said publication. If the
predetermined wage rate refers to one or more additional expiration
dates with additional predetermined wage rates, which expiration dates
occur during the life of this Contract, each successive predetermined
wage rate shall apply to this Contract on the date following the e
xpiration date of the previous wage rate. If the last of such predetermined wage rates expires during the life
such wage rate shall apply to the balance of the Contract.

2. Penalties for Violations. Contractor and its subcontractors shall
comply with California Labor Code section 1775 in the event a worker is
paid less than the prevailing wage rate for the work or craft in which
the worker is employed. This shall be in addition to any other
applicable penalties allowed under Labor Code sections 1720 – 1861.

3. Payroll Records. Contractor and its subcontractors shall comply with
California Labor Code section 1776, which generally requires keeping
accurate payroll records, verifying and certifying payroll records, and
