	Serv# Service Description work performed under this Contract is subject to State prevailing wage			Conv Factor	
	laws. For construction work performed under this Contract cumulatively				
	exceeding \$25,000 and for alteration, demolition, repair and maintenance				
	work performed under this Contract cumulatively exceeding \$15,000,				
	Contractor and its subcontractors shall comply with State prevailing				
	wage laws including, but not limited to, the requirements listed below.				
	This requirement is in addition to the requirement to pay Living Wage				
	pursuant to San Diego Municipal Code sections 22.4201 through 22.4245.				
	Contractor must determine which per diem rate is highest for each	•			
	I				
	classification of work (i.e. Prevailing Wage Rate or Living Wage Rate), and pay the highest of the two rates to their employees. Living Wage				
	applies to workers who are not subject to Prevailing Wage Rates.				
	Compliance with Prevailing Wage Requirements. Pursuant to sections				
	1720 through 1861 of the California Labor Code, Contractor and its				
	subcontractors shall ensure that all workers who perform work under this				
	Contract are paid not less than the prevailing rate of per diem wages as				
	determined by the Director of the California Department of Industrial				
	Relations (DIR). This includes work performed during the design and				
	preconstruction phases of construction including, but not limited to,				
	inspection and land surveying work.				
	1.1. Copies of such prevailing rate of per diem wages are on file at the				
	City of San Diego's Equal Opportunity Contracting Department and are				
	available for inspection to any interested party on request. Copies of				
	the prevailing rate of per diem wages also may be found at				
	http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm. Contractor and	its			
	subcontractors shall post a copy of the prevailing rate of per diem				
	wages determination at each job site and shall make them available to				
	any interested party upon request.				
	1.2. The wage rates determined by the DIR refer to expiration dates. If				
	the published wage rate does not refer to a predetermined wage rate to				
	be paid after the expiration date, then the published rate of wage shall				
	be in effect for the life of this Contract. If the published wage rate				
	refers to a predetermined wage rate to become effective upon expiration				
	of the published wage rate and the predetermined wage rate is on file				
	with the DIR, such predetermined wage rate shall become effective on the				
	date following the expiration date and shall apply to this Contract in				
	the same manner as if it had been published in said publication. If the				
	predetermined wage rate refers to one or more additional expiration				
	dates with additional predetermined wage rates, which expiration dates				
	occur during the life of this Contract, each successive predetermined				
	wage rate shall apply to this Contract on the date following the e				
	xpiration date of the previous wage rate. If the last of such predetermined	wage rates e	xpires during the life		
	such wage rate shall apply to the balance of the Contract.				
	Penalties for Violations. Contractor and its subcontractors shall				
	comply with California Labor Code section 1775 in the event a worker is				
	paid less than the prevailing wage rate for the work or craft in which				
	the worker is employed. This shall be in addition to any other				
	applicable penalties allowed under Labor Code sections 1720 – 1861.				
	Payroll Records. Contractor and its subcontractors shall comply with				
	California Labor Code section 1776, which generally requires keeping				
	accurate payroll records, verifying and certifying payroll records, and				
	making them available for inspection. Contractor shall require its				
	subcontractors to also comply with section 1776. Contractor and its				
	subcontractors shall submit weekly certified payroll records online via				
	the City's web-based Labor Compliance Program. Contractor is responsib	le			
	for ensuring its subcontractors submit certified payroll records to the				
	City. Contractor and its subcontractors shall also furnish the records				
	specified in Labor Code section 1776 directly to the Labor Commissioner				
	in the manner required in Labor Code section 1771.4.
